

New! Pomega5™ REVITALIZING TREATMENT FOR SKIN
Single Application Organic Ampoules to Replenish & Restore
Dehydrated, Fragile, Irritated Skin

Caring for your skin shouldn't take a PhD in chemistry. In fact, more and more we are learning that the simplest, most pure ingredients are often best for our skin and our health. That's why **Pomega5™** offers a natural, healthy alternative to skincare. A holistic approach to nurturing our skin and bodies with pure, organic, therapeutic remedies that merge ancient medicine with modern science.

Once again capturing the miracle of the pomegranate, **Pomega5's** new **Revitalizing Treatment for Skin** replenishes and restores dehydrated, fragile or lackluster skin with a high potency blend of essential fatty acids and 100% pure organic healing oils known for their soothing and repairing properties. This gentle, mix of ingredients, including pomegranate seed oil, calendula oil, rosehip oil and mandarin essential oil, absorbs easily and completely into skin without feeling greasy, leaving it supple, smooth, nourished and rejuvenated. Equilibrium is restored. Skin feels fresh and healthy. And because the ingredients in these unique single-application ampoules are organic and biodynamic, **Revitalizing Treatment** is kind to all skins.

One of the oldest known fruits, the pomegranate (**Revitalizing Treatment's** key ingredient) has long been revered in mythological and spiritual writings as a symbol of health, fertility and eternal life. In fact, pomegranate seed oil is one of the most powerful immune-support compounds ever discovered in nature. It is the ideal ingredient for personal care products because its small molecular size is uniquely compatible with skin. It's also an extremely gentle anti-oxidant and natural sun protectant.

Key Ingredients:

- **POMEGRANATE SEED OIL:** The star ingredient in all **Pomega5** products. Pomegranate seed oil, which contains punicic acid, an Omega-5 fatty acid and rare plant based source of CLA, is a potent, *natural* powerful anti-oxidant -- fighting free radicals that damage and age skin cells. This natural ingredient has a long tradition of use as a treatment for dry, irritated or fragile skin.
- **CALENDULA OIL:** A natural anti-inflammatory, this gentle oil is known for its restoring and nourishing properties. Dry, damaged skin is soothed and calmed.
- **ROSEHIP OIL:** For centuries this natural oil has been used to maintain healthy skin. Moisturizing and hydrating it replenishes dry, damaged skin, improves tone and texture and naturally promotes elasticity and firmness. Skin is left looking radiant and healthier.
- **JOJOBA OIL:** This beautiful golden oil nourishes, moisturizes and restores skin's natural smoothness. And because it is non-greasy it is appropriate for all skin types.

- BERGAMOT ESSENTIAL OIL: A soothing skin conditioner, the refreshing scent also provides calming, invigorating aromatherapeutic benefits, while naturally balancing skin.

Like all **Pomega5** products, **Revitalizing Treatment for Skin** contains no phalates, petrochemicals, synthetic colors or fragrance, parabens or preservatives and undergoes strict testing for purity and stability. It is easily absorbed into the skin and results can be seen and felt from the first application. Simply snip off the end of the Ampoule, apply oil to fingertips and gently pat onto the skin. Ampoules can be used as a daily treatment for dry, mature or irritated skin or weekly or as needed for normal skin. Apply in the evening on clean, dry skin. Great for both women and men.

Suggested retail price: \$48 for 30 Ampoules

On-Shelf: May, 2007

Made in France.

Pomega LLC, which was founded and based in Marin County, California, offers the first complete line of therapeutic skin care and nutritional supplements made with organic, cold-pressed ultra-premium pomegranate seed oil -- a natural phytoestrogen, powerful antioxidant, and rare plant-based source of Omega-5 conjugated fatty acid. The **Pomega5** nutritional supplements are the only organic line of pomegranate oil supplements available. The skin treatments are all-natural, preservative-free, dermatologist tested and contain no synthetics or fillers. Working with doctors and experts on healing plants, founder Tzeira Sofer developed **Pomega5** based on ancient recipes and supported by the latest scientific research to help women achieve healthier skin and a healthier body. Products are available at select health and wellness stores nationwide and at www.pomega5.com
